# NORTHAMPTON MUSIC FESTIVAL....

Now in its 13th year, was instigated and is being run by a group of local people who are passionate about music and the town.

We seek to enhance the profile of the town by showcasing and celebrating our rich and diverse music culture.

Our main event on **SUNDAY 5TH SEPTEMBER** in the town centre will involve 6 stages, 600 musicians and over 60 performances featuring music from Rock to Opera.

The festival will be preceded by a week of music in local music venues throughout the town. A special thanks to these venues.

This event is a successful public / private sector partnership. Our support comes from WNC BID and from the generosity of local businesses and private individuals.

Please check social media for full details.
